Dear Patient

I am writing to inform you that after being a partner at Bishops Waltham Surgery for 7 years and following a period of ill health (nothing serious) Dr Tim Frank took the decision to resign from the partnership. This took effect on 31<sup>st</sup> October 2021.

He will be greatly missed by the whole team at the surgery and by many patients with whom he has consulted with over the years.

In light of Dr Frank leaving the partnership your usual GP will change to Dr David Palethorpe. This may change in the New Year when we have a new partner joining the practice.

Please note this does not restrict you in any way booking an appointment with another GP within the practice.

If we can be of any further assistance please do not hesitate to contact us.

Yours sincerely

**Adrienne Ely**  
**Practice Manager**
